PLAN**

Type: Wall

Light source: D52 LED 12W E14
42W HSGSA E14
12W FB E14 energy saver

EEL: A
EEL: D
EEL: A

Product use: Indoor

Materials: Injection-moulded polycarbonate body

Colors: Structure in opaline
Iridescent elliptical film

Description: This lamp comes in a single finish that changes colour depending on the perspective. The in-mould decoration technique allows the iridescent film that creates these colour changes to form an integral part of the polycarbonate diffuser.

Certifications: **IP40**

Insulation class:   **CE**

Reference code: D52 1D520000031 iridescent
